The image shows a screenshot of a web application interface for 'assignment 1'. At the top, there are tabs for 'Assignment Inbox' and 'Analytics'. To the right of these tabs are icons for a bell, a question mark, and a gear (settings), which is highlighted with a red square. Below the tabs is a search bar and a button labeled 'Submit on behalf of student'. To the right of the search bar is a 'Download All' button. The main area contains a table with columns: Author, Paper Title, Uploaded, Viewed, Grade, Similarity, Flags, and Options. There is one row of data with the author 'Bruce', paper title 'Not yet submitted', and other fields containing dashes or empty space. At the bottom of the interface, there is a navigation bar with 'perusall' on the left, a 'Jump to...' dropdown in the center, and 'Assignment 1' on the right. A red arrow points from the bottom right towards the settings gear icon.

7. Change the setting as needed

8. (optional) some suggestions on the setting
 - Choose “do not store submitted papers” under submit papers
 - Choose “generate reports immediately (students can resubmit)”
 - If you are happy with the setting, you can choose “save these setting for future use”
9. Click the submit button. If you cannot see it, you can close the “how likely are you to recommend turnitin to a co-worker”. The “X” button is on the right side.
